

## **MENTAL HEALTH SERVICES INFORMATION:**

If Red Cross is unable to provide services for any reason, a crisis line has been made available **24-hours per day; 7-days per week** at **1-888-380-6823 (For Stevens County)**. Although this line is answered by a vendor in Missouri, if you tell them that you need to speak with the “Designated Mental Health Professional” (DMHP) for Stevens County, they will put you in contact with whomever we have “on-call” at that time. If anyone else calls (private citizen) just needing to talk to a “crisis counselor,” the crisis line staff can initially manage/triage the call. They will, however, access our DMHPs if/when they believe the caller needs face-to-face assessment/intervention.

During office hours, you can reach us at:

- Colville: **509-684-4597**
- Chewelah: **509-935-4808**

If all else fails after hours, contact Stevens County Dispatch and tell them you need to have them access the on-call DMHP for Stevens County.
