Tasks involved in fulfilling above duty/responsibility:

1. Perform outreach and engagement services across Ferry, Lincoln, and Stevens Counties with persons suffering from mental illness who are at high risk for psychiatric decompensation/crises/hospitalization and/or poorly-engaged in outpatient services (do not come to regularly scheduled appointments and/or continue to engage in high-risk behavior despite engagement in treatment, etc.).
   a. Outreach and Engagement are a strategic set of activities that are implemented to develop an alliance with an individual for the purpose of bringing them into or keeping them in ongoing treatment. The activities occur primarily in the field rather than the worker’s office, or at another service agency such as a food bank or public shelter, or via telephone if a potential client calls the worker’s office seeking assistance or by referral.
   b. Closely collaborate and work as a “team” with a Peer Counselor in all outreach and engagement activities.
   c. Serve consumers whose symptoms of mental illness result in serious functioning difficulties in several major areas of life, often including work, social relationships, residential independence, money management, and physical health and wellness.
   d. Promote the participants' independence, rehabilitation, and recovery, and in so doing to prevent homelessness, crises, unnecessary hospitalization, and other negative outcomes.
   e. Emphasize home visits and other in vivo (out of the office) interventions, eliminating the need to transfer newly learned skills from an artificial rehabilitation or treatment setting to the “real world.”
   f. Utilize clinical resources to help people avoid crisis situations in the first place or, if that proves impossible, intervene at the earliest possible moment to keep crises from turning into unnecessary hospitalizations or other negative outcomes.
   g. Utilize clinical skills and resources to promote consumers’ well-being in all areas of community functioning, including most especially the “nitty-gritty” aspects of everyday life including:
      a. Acquiring financial aid, housing, food, medications, etc.
      b. Teaching skills of daily living such as shopping, cleaning, cooking, laundry, and other ADLs.
      c. Acquainting with available resources in the community.
      d. Coordinating medical, mental health, substance abuse, and related care services.
      e. Providing support/education to the consumer’s care givers and other natural supports. (Continued)

Tasks involved in fulfilling above duty/responsibility (Continued):
8. Utilize evidence-based clinical interventions (e.g. Assertive Community Treatment; Motivational Interviewing, etc.) in the provision of clinical services.
9. Conduct Mental Health Assessments for “difficult to engage consumers” who may not otherwise access necessary treatment services; ascribe accurate DSM diagnoses, assess “medical necessity” for treatment, and assess treatment needs.
10. Coordinate treatment with other NEWACS Mental Health Counselors; transfer stabilized and engaged consumers into ongoing outpatient treatment with other NEWACS Mental Health Counselors.
11. Document all sessions and complete paperwork as required by agency, including progress notes, treatment plans, 180 Day Case Reviews, and Discharge Summaries in a timely manner and in accordance with agency policy.
12. “Direct service” goal is 70% on an annual basis.
13. Abide by all NEWACS policies and procedures and maintain the security of NEWACS Data Systems.
14. Other related duties as assigned by Supervisor or his/her designee
