

# **Kettle Falls Area**

## **Added 2010 Old Kettle Road (Map page 31A).**

Old Kettle Road is a two-lane paved road originating in the municipality of Kettle Falls. The road transits both municipal and county boundaries from the city proper, southwesterly towards Highway 25. The average vehicle count is approximately 43 vehicles per hour. The City of Kettle Falls has a current ordinance which allows OHV operations within city limits. This road is speed restricted to 25 MPH along the lengthy of the road from Hwy 25 into the city. The road will provide access to the city from the other areas that are within municipal boundaries, but do not have any other access road available than the Old Kettle Road for access.
