The questions listed below are designed to identify your project's compliance with the criteria, so please provide complete information to support your request.

Sec. 3.20.030 (A) Decision Criteria for Variances

1. Why does strict enforcement of the requirement create an unnecessary hardship or deprive you of the rights commonly enjoyed by others in the same area?

2. Does the property have a unique size, shape, topography or location? If so, please describe.

3. Did an action by the applicant or property owner create the need for the variance? If so, what happened?

4. Would granting a variance create a health or safety problem? Please explain.

5. Would granting a height or setback variance infringe upon the rights of adjacent property owners or interfere with an easement? Please explain.

6. Is your request the minimum necessary in order to complete your project? Please explain.
